

Howard C. Lewin, MD, FACC, FASNC
Co-founder & Chief Product Development
Officer

Dr. Howard Lewin is the co-founder and Chief Product Development Officer (CPDO) of Nusano, a privately held physics company working to stabilize supply chains, advance American national security by reducing dependency on foreign supply, and enable once-in-a-generation innovations in fields ranging from healthcare to nuclear energy. His broad experience includes time as an academic physician and as president of two successful nuclear medicine businesses. Dr. Lewin trained in Cardiology and Nuclear Medicine at Cedar Sinai Medical Center and has served as an officer of the American Society of Nuclear Cardiology, the Society of Nuclear Medicine Cardiovascular Council, the Intersocietal Accreditation Commission for Nuclear Medicine/PET, and the Certification Council for Cardiovascular Imaging. As CPDO, Dr. Lewin applies his clinical and technical expertise to advance Nusano's product roadmaps and collaborate with researchers and drugmakers working at the forefront of radiotherapeutics.
